Evans' Seeds Produce Good Crops.

To the Trade.

The quotations in this Catalogue are intended only for the Wholesale Trade, and SUBJECT TO CHANGE WITHOUT NOTICE.

SEASON 1902

WE take pleasure in sending you our WHOLESALE TRADE PRICES FOR 1902. It is our aim to supply GOOD SEEDS, which under favorable conditions will produce GOOD CROPS, as low in price as good honest Seeds can be sold for. Should you have lower offers we shall do our best to try and meet such at any time rather than be undersold by any other house of good standing.

All orders will be carefully prepared for shipment; bags and sacks necessary for safe carriage will be charged at value. No allowance will be made for empty bags or cases; they are not returnable.

Seeds will be sent by mail when so desired, or when the cost for carriage is less than by other conveyance. On such a charge of five cents per pound will be made for the prepayment of postage and necessary extra cost for packing.

TERMS.—All seeds at printed prices herein, and purchased during the spring season, are payable "Net Cash," 1st July, 1902 (unless otherwise noted), or a cash discount of one per cent. per month will be allowed for unexpired time. All heavy seeds such as Clover, Timothy, Grasses, Corn, Seed Grain, Feed Stuffs, Onion Sets, etc., are "Net Spot Cash" without any discount, and subject to sight draft on shipment. Where there are no available Banks or Express Offices through which drafts can be made, prompt remittance must be sent on receipt of invoice.

Cash or satisfactory reference should accompany orders from unknown correspondents.

CONDITIONS OF SALE.—ROBERT EVANS SEED CO., LIMITED, wish it to be distinctly understood that they give no warranty, express or implied, as to description, quality, productiveness, growth, or any other matter connected with any seeds they send out, and they will not be in any way responsible for the crop. Every order received will be executed on these conditions only.

We are Always Open to Buy choice samples of Blue Grass, Clover, Timothy, and Seed Grain and shall be pleased to receive samples from holders of same.
